**SolutionPoint International Opens Office in South Sudan  
To Provide an Array of Products and Services**

*Working in partnership with Government of Southern Sudan*

NEW YORK, NY – July 11, 2011 – SolutionPoint International announced today that it is opening an office in Juba, South Sudan on July 15<sup>th</sup>, 2011. The office will provide security, compliance, identity assurance and situational awareness solutions to the Government of Southern Sudan. Those products and services will be provided by SolutionPoint executives and through the company’s operating entities: Guidepost Solutions, NSM Surveillance, and Bode Technology.

“We look forward to working in partnership with the Government of Southern Sudan and to assisting them with a wide variety of needs,” said Joseph Rosetti, Vice Chairman of SolutionPoint International. “This is a crucial time for this emerging new nation, and we are committed to helping it prosper.”

The range of services SolutionPoint will provide include:

- Anti-corruption, anti-fraud, and monitoring work by Guidepost Solutions
- Urban planning, development of government infrastructures, and the creation of a uniform commercial code, provided by Guidepost Solutions’ Technology, Design, & Consulting practice
- Security surveillance technologies for use by the military and law enforcement, provided by NSM Surveillance
- The use of DNA forensics to deter and prosecute criminals, provided by Bode Technology

The combination of these services will assist the Government of Southern Sudan in better serving its people as the new nation is created.

To head the office, SolutionPoint has appointed Ed Huffine, Vice President of SolutionPoint International. Mr. Huffine has more than 22 years of experience in advising and assisting nations in developing and upgrading structures and protocols involved in the rule of law, law

enforcement, and the identification of the missing. Mr. Huffine has also served in similar positions for extended periods in other nations, including Bosnia, Croatia, and the United Arab Emirates. He also has provided identification assistance for mass disaster responses for regions that have experienced conflict or natural disaster. In his work Mr. Huffine has had frequent interactions with both US and foreign political, scientific, and diplomatic representatives and various non-government organizations and potential donors. For Mr. Huffine's extended bio please go to [www.solutionpoint-intl.com](http://www.solutionpoint-intl.com).

“The range of services provided by SolutionPoint are those required by governments for the creation and maintenance of responsible and accountable governance. We are excited to be working in South Sudan during this new chapter in its history,” said Mr. Huffine.
